

Make your Mark

WALL ART

Let's talk about why you need wall art

- ✓ capture a memory or moment
- ✓ interior décor of singular or multiple pieces
- ✓ artistic authenticity for your images
- ✓ memorable gift of any nature
- ✓ sell creative work for extra income
- ✓ equivalent to paintings in construction and finish
- ✓ brilliant photographic color lasts virtually forever indoors
- ✓ easy to hang
- ✓ edges are completely finished; framing is optional

Your mark is custom-built for YOU

We'll make the size whatever you tell us. For the best value, choose one of the sizes we offer.

YES, you can order just one, but imagine the beauty of hanging a complementary set of canvasses. Breathtaking!

Best of all, our authentic artist's canvas is printed and stretched by the professionals at DPRINT, so you don't have to worry if your mark will last. With care (see "caring for your mark"), you can expect color brilliance basically forever.

Installing your mark

Appropriate hanging hardware is included with your canvas print. Use a level and bulldog hooks for best hanging results. Canvas is not suitable for outdoor applications.

Caring for your Mark

Keep your canvas out of direct sunlight and heat. You can wipe it with a damp cloth occasionally to remove dust. That's as easy as it gets. If your canvas is not on display, store it in a cool and dry space and be sure to protect the corners and edges from abrasion.
